

WHAT WE DO

Diamond Gear is a provider of high quality industrial worm gears, bevel gears, declutchable manual override gears, and gear accessories. We are also a distributor of the world class Econosto Econ[®] actuator. With our large inventory levels and customization capabilities we are able to service a wide range of industries such as chemical, petrochemical, refineries, maritime and oil & gas.

Diamond Gear is located in Houston, Texas where we house our own machine shop and distribution center. Our same-day shipping and centralized location ensures that our customers get their product when they need it most. In addition to same-day shipping, we are also able to quickly modify gears and provide automated packages to your specification.

At Diamond Gear we listen to the voice of the customer. We continue to broaden our service capabilities and product offering to accommodate the ever changing demands of the market.

Our customer service, extensive inventory, and quick turn-around are what makes Diamond Gear *a cut above the rest.*
